1. Ted, I love you. I love you. I love you. I love you. I love them. I love our friends, your family, your future. I love those around you and those who are so far away. I love, I love. I love Ted. I love so much. I am love. I am love. I am that I am and I love so very much. Tell them I love them more. Tell them I love them and wait on them. Every day I wait on them to come to me with their trials, their concerns, their tribulations that devastate them and rob their peace. I wait on them in their complacency and busy-ness. I wait. I wait. I wait.

2. Ted, write more. Write more. Write more. Write what I have given you and write it multiple ways, it's okay. Its okay. Write my words as I give them to you and publish them and then explain them any way people need them to grasp them and who I am and what I am now doing in the earth, and what I want to do in them. Preach, teach, write, share, give, explain, package and repackage what I am giving you. Be wise and not stuck in any one way, means or method of delivery. I am creative and I will create and I will create through you and all who let me. Be creative in how you share Me and I will help you. I will help you be creative.

3. Ted, shrink not back from what I am giving you and what I've called you to do. Man's voices will increase but you must let Me come forth. Honor them, yes, but let Me come forth and be not diminished by their voices or influence.

4. Give Me your mornings. Give Me your mornings. Give Me your mornings and I will do as I have already told you I will do. I will give you beauty yet untold. You will tell, you will share, you will communicate with power and radical creativity. Because I am radical and I am creative.

5. Ted, I like you writing on computer for I can give you so much so much faster. And I will as you come to Me. Come to Me multiple times a day and I will give you Me and My revelation and my thoughts.

6. Mornings, mornings, mornings are important to Me. They're important to what I'm doing in you. Come more, come more, come more. Come often. Glorify Me, glorify Me, glorify Me, and I will be glorified and I will glorify you. Keep seeking, asking, knocking and I will keep revealing Myself.

7. You want more on the church and business and organizational structures and leadership and understanding the concepts and principles of Me and My kingdom and My word. I have them and I have them for you, the seeking heart.

8. Fear not man. Take your own advice and fear not man. Stand up and proclaim. You must get stronger and be not weak or timid and now stand up and proclaim radically and boldly that you are sharing My words and be not afraid of their rejection or

responses that may not affirm you. Go forth in power, in power and I will validate you. I will validate My servant. I will validate My word and My words to you. Now be radical, go and be radical, don't be timid, don't be shy, don't be harassed or intimidated in any way whatsoever.

9. Ted, get your website up that has Me and My words on them. Get that letter out and let Me speak to My people to help you, to help you with prayer and finances. I will provide. Get your words, My words to you, in their hand and let them speak to them. Be not afraid or reticent or hesitant. Do as I tell you and be strengthened, feel strength. Feel Me and My power and My supply coming to you in great measure.

10. Speak boldly, boldly, boldly, Ted. Walk in confidence. Your confidence must increase. Your boldness must increase in My moving in you, in you, in you, in you now.

11. I am leading you and I am happy with your pace but you must increase your pace of hearing, receiving Me and publishing what I am giving you. You want it. You want it. You paid a price to have it and how you're moving forward but you must move ahead faster. Faster. Get better. Draw on what I am in you, and who I am in you and mature. Mature Ted. Mature Ted. Mature and move forward with greater speed, confidence and radical boldness and let the unbelievers be in My grace, My hands. Do what I am telling you to do and do it now.

12. Time is of the essence, the essence, Ted, the essence. There is a synchronicity to My will, a system, an order, in the dynamic-ness of what I am doing. And the time is now.

13. Rise up oh man and be strengthened and not slow, not weary, but highly energetic and zealous in what you are doing, what I am doing in you and for you and for Me, and for those who will listen.

14. Altars, yes, this is of Me Ted. Move forth in this. This is of me. Have them built and manufactured. I will blow on them and I will give you My designs and purposes and I shall be most happy to share with you these things. It's so late in the scope of history Ted. Move forth with purpose and slow not. You must accelerate. You must accelerate and increase the pace of producing what I am giving you.

15. I told you years ago, didn't I, that revelation would come and asked you if you could keep up. You so naively answered Me tenderly, yes. And yet you had no idea what was coming to you or through you to others. Now Ted, get better, get faster. Investigate technology that will expedite what I am telling you to do and how to do it greater, better, faster, and cover more area, reach more people, covering the earth with My word.

16. You're right about the need you recognized the other day for My word and My beams to go throughout the world. I will use you in this if you let Me and let it be Mine, all Mine, all Mine, and not yours, not yours, not yours. Ted, I have so much for those who will let Me give it to them and operate through them as long as they keep their hands off of what I give them and let Me move through them.

17. Just like placing their hand on the ark at the wrong time, it is death to them. They must keep their hands off of Me and what is Mine and what I am doing and let Me be Me through them and what I give them and what I am doing. Now I will give you these things and more if you but let them be Mine, all Mine and not yours. Yes, legal names must be accounted for but you know what I am speaking of and they must be Mine, not yours, and you must always realize that and never hold on to them.

18. **I give, I give, and I give to those who will let Me give** and not hold on to them for their purposes. I have so many very selfish people. People who were sincere but when the stakes are high, the dollars many, the prestige significant, it's too much for them and they yield to the flesh to propel themselves and be important. Ted, this stinks. This stinks in My sight, it stinks in My nostrils, it stinks in My kingdom.

19. Don't take over what I give you to administer and administrate and steward for Me and My kingdom and My little ones.

20. Ted, this is a strong word, don't miss it. You must not put your hands on what I give you. It is Mine and it is of Me and I will guide, speak, direct and bring those who I want to be a part of the administration and guidance of what I give you. It's not your leadership that makes what I am doing with you a success, it is your humility before Me and the grace I have given you to hear My voice for your have chosen Me and you have chosen well and now is the time to accelerate and move and be not timid but radical and bold and proclaim everywhere you go that these are My words and that I am doing new things in you and others who will let Me.

21. I will take and propel many into realms they cannot imagine now and many will come to you for wisdom and counsel. Me, Ted, it's about Me and not you and you know you must turn them to Me and help them hear My voice. Intellect does not rule My spirit and it must not rule yours and it must not rule theirs.

22. Now go and grow and do the things I've told you and made so very plain to you and to anyone who wants to help you. I will bless you and I will bless them.

23. Thank you, thank you, thank you.
